SKILLS

Office

Logical thinking and creative

Public Speaking

Learn myself

INTERESTS

- I like to play guitar
- I like reading books that kinds of book of business and marketing
- I like to learn new languages

OBJECTIVE

my goal to enjoin the company is want to be experience the job of my field and i want to learn everything that i don't know in my school

🎓 EDUCATION

INDUSTRIAL UNIVERSITY OF HO CHI MINH CITY
I am currently a 3rd year student of Ho Chi Minh City Industrial University

💼 WORK EXPERIENCE

VNPRO AND SCHOOL

-At VnPro
+ basic configuration of cisco devices
+ Basically use python language, GIT, CURL, LINUX.
+ Use the Ansible tool to automate device configuration through SSH.
+ Use Postman to get device information through the API
- At school
+ I used to do Wordpress projects And each program with the language SQL ,CSS ,HTML, and PHP
+ basically use CS6 Photograp ,Word, Excel, POWERPOINT

👥 ACTIVITIES

VNPRO

-participating in workshops on the topic of network infrastructure transformation
-I had participated in Guitar club in my school and i had learned english language with my friends

📄 CERTIFICATIONS

Cisco Certifield DevNet Associate

Cisco Certifield Network Associate

TOEIC

✏ ADDITIONAL INFORMATION

My next direction was to go to the side of the network. It is expected that the network system will not be configured in the traditional style but instead use an API or an Ansible tool to automate the device quickly.
